**Body Style:**

Tube type

**Terminal Material:**

Brass

**Terminal Surface Treatment:**

Nickel

**Overall Length:**

0.500 inches

**Overall Diameter:**

0.562 inches

**Case Material:**

Fiber

**Continuous Current Rating In Amps:**

2.000

**Maximum Voltage Rating In Volts:**

2500.0 dc

**Circuit Over-current Interruption Type:**

Normal instantaneous

**Interruption Indicator Method:**

Opaque body

**Features Provided:**

Nonrenewable fusible element

**Short-circuit/interrupt Current Rating In Amps:**

100000.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01700
