| Terminal Quantity:              |
|---------------------------------|
| 1 and 2                         |
| Overall Length:                 |
| 2.375 inches                    |
| Current Type:                   |
| Dc                              |
| Protective Covering Type:       |
| Case                            |
| Hermetic Protection:            |
| Not provided                    |
| Voltage In Volts:               |
| 5.0 and 11.0                    |
| Precious Material And Location: |
| Inserts silver                  |
| Shelf Life:                     |
| N/a                             |
| Unit Of Measure:                |
|                                 |
| Demilitarization:               |
| Yes - demil/mli                 |
| Fiig:                           |
| T214-a                          |
|                                 |
