Overall Length:
1.000 inches
Overall Width:
0.310 inches
Overall Thickness:
0.460 inches
End Application:
Type no. 3800
Usage Design:
Used in telephone circuits for protection against lightning or high voltage surges
Circuit Protector Block Location:
Ground side
Special Features:
Grooved, sealed together w/0.003 in. Thk dielectric
Material:
Carbon
Material:
Carbon
Shape:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T214-b
