Overall Length:

1.250 inches

Overall Width:

0.370 inches

Overall Thickness:

0.530 inches

End Application:

Type no. An/apq-13

Usage Design:

Used in telephone circuits for protection against lightning or high voltage surges

Circuit Protector Block Location:

Ground side

Material:

Carbon and porcelain

Material:

Carbon and porcelain

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T214-b
