Body Style:

Pigtail type

Terminal Surface Treatment:

Nickel

Overall Length:

1.500 inches

Overall Diameter:

0.625 inches

Case Material:

Fiber

Continuous Current Rating In Amps:

20.000

Maximum Voltage Rating In Volts:

250.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

Red flag appears in slot in ferrule

Features Provided:

Nonrenewable fusible element

Short-circuit/interrupt Current Rating In Amps:

10000.0

Departure From Cited Designator:

As modified by pac afxh

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
