Body Style:

Tube type

**Terminal Material:** 

Brass

**Terminal Surface Treatment:** 

Nickel

#### **Overall Length:**

3.000 inches

#### **Overall Diameter:**

0.812 inches

Case Material:

Fiber

**Continuous Current Rating In Amps:** 

55.000

#### Maximum Voltage Rating In Volts:

250.0 dc

#### **Circuit Over-current Interruption Type:**

Normal instantaneous

#### Interruption Indicator Method:

Opaque body

#### **Features Provided:**

Nonrenewable fusible element

#### Short-circuit/interrupt Current Rating In Amps:

10000.0

### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

## Fiig:

A01700
