Body Style:

Tube type

Overall Length:

2.000 inches

Overall Diameter:

0.562 inches

Case Material:

Fiber

Continuous Current Rating In Amps:

25.000

Maximum Voltage Rating In Volts:

250.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

Opaque body

Features Provided:

Renewable fusible element

Short-circuit/interrupt Current Rating In Amps:

10000.0

Specification Or Standard:

1 type and b style

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
