Terminal Quantity:

1

Terminal Type:

Solder stud

Overall Length:

3.430 inches

Overall Height:

1.000 inches

Overall Width:

1.000 inches

Current Type:

Ac

Mounting Method:

Bracket

Mounting Configuration:

Two brackets 1.500 in. Lg by 0.125 in. Thk mtd perpendicular to width at each end

Polarization Feature:

Not included

Shunt Capacitor:

Not included

Element Material:

Selenium

Absorber Current Rating:

3.000 amperes

Protected Item Name:

Silicon rectifier

Voltage In Volts:

468.0

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-a
