Terminal Quantity:

1 and 1

Terminal Type:

Screw and clamp

Overall Length:

5.250 inches

Overall Height:

2.250 inches

Overall Width:

4.250 inches

Current Type:

Ac

Covering Material:

Plastic

Mounting Method:

Slot

Mounting Configuration:

Two key slots mtg holes 0.625 in.Lk; 0.375 in top and 0.219 in.Rear

Polarization Feature:

Included

Current Rating In Amps:

20.0

Inclosure Feature:

Corrosion proof

Hermetic Protection:

Not provided

Shunt Capacitor:

Not included

Element Material:

Metal and plastic

Voltage In Volts:

120.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-a
