**Terminal Quantity:**

1 and 1

**Terminal Type:**

Screw and solderless lug

**Overall Length:**

2.750 inches

**Overall Height:**

1.950 inches

**Overall Width:**

0.375 inches

**Current Type:**

Dc

**Mounting Method:**

Holes and terminal

**End Application:**

Instrument landing system (ils)

**Mounting Configuration:**

Two 0.140 in diameter holes spaced 0.800 in ctoc inline with terminal

**Polarization Feature:**

Not included

**Shunt Capacitor:**

Included

**Element Material:**

Plastic, phenolic

**Protected Item Name:**

Printed circuit board

**Voltage In Volts:**

28.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T214-a
