Body Material:

Ceramic and metal

Terminal Quantity:

2

Terminal Type:

Threaded stud and surface contact

Overall Length:

Between 2.720 inches and 2.840 inches

Overall Diameter:

Between 2.930 inches and 3.050 inches

Mounting Method:

Holes

Usage Design:

Indoor

Mounting Configuration:

F0ur 2.575 diameter mtg holes 90 degrees apart on each end

Arrester Type:

Gas

Breakdown Voltage:

18.000 kilovolts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
