Overall Length:

4.950 inches

Overall Height:

1.150 inches

Overall Width:

4.300 inches

Usage Design:

Indoor and outdoor

Mounting Configuration:

Four thd holes 0.138-32 thds per in. Spaced 4.000 in. Apart c to c along the length and 3.750 in. Apart c to c along the width

Wire Quantity:

8 pairs

Protective Component Quantity:

16

Criticality Code Justification:

Feat

Special Features:

Clamp voltage-10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
