Terminal Quantity:

2

Terminal Type:

Stud and nut

Overall Length:

2.562 inches

Overall Height:

1.250 inches

Overall Width:

1.000 inches

Current Type:

Ac

Covering Material:

Any acceptable

Mounting Method:

Bracket and holes

Mounting Configuration:

Two 0.281 in. Diameter mtg holes spaced 1.938 in. C to c along the length

Polarization Feature:

Not included

Current Rating In Amps:

5.9

Inclosure Feature:

Fungus resistant and moisture resistant

Protective Covering Type:

Any acceptable

Hermetic Protection:

Not provided

Shunt Capacitor:

Not included

Element Material:

Any acceptable

Voltage In Volts:

380.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T214-a
