Terminal Quantity:

2

Terminal Type:

Any acceptable

Overall Length:

2.750 inches

Current Type:

Dc

Overall Diameter:

2.500 inches

Mounting Method:

Threaded hole

Mounting Configuration:

Two 0.250 in. Diameter 28 unf-2b thread insert 0.500 in. Deep located 1.500 in. C to c along dia

Polarization Feature:

Included

Current Rating In Amps:

50.0

Inclosure Feature:

High shock proof and moisture proof

Protective Covering Type:

Case

Hermetic Protection:

Not provided

Shunt Capacitor:

Not included

Element Material:

Brass

Voltage In Volts:

5.0

Frequency In Hertz:

55.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-a
