Terminal Quantity:

2

Terminal Type:

Pin

Overall Length:

1.550 inches

Overall Height:

0.870 inches

Current Type:

Dc

Covering Material:

Brass

Mounting Method:

Holes

End Application:

Direction finder set, an/bld-1

Mounting Configuration:

Two 0.156 in. Diameter mtg holes located 1.187 c to c along the mtg base

Polarization Feature:

Not included

Current Rating In Amps:

20.0

Protective Covering Type:

Case

Hermetic Protection:

Not provided

Shunt Capacitor:

Not included

Element Material:

Copper alloy

Protected Item Name:

Power supply

Voltage In Volts:

35.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T214-a
