Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

1.500 inches

Current Type:

Ac and dc

Mounting Method:

Terminals, wire lead

Polarization Feature:

Not included

Protective Covering Type:

Coating

Hermetic Protection:

Not provided

Shunt Capacitor:

Not included

Element Material:

Metal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-a
