Terminal Quantity:

2

Terminal Type:

Turret

Overall Length:

2.000 inches

Overall Height:

2.000 inches

Overall Width:

1.188 inches

Current Type:

Dc

Covering Material:

Lacquer

Mounting Method:

Threaded hole

Mounting Configuration:

Two no. 6/32 thd holes spaced 1.500 in. C to c

Polarization Feature:

Not included

Inclosure Feature:

Hermetically sealed

Protective Covering Type:

Finish

Hermetic Protection:

Provided

Shunt Capacitor:

Included

Element Material:

Metal

Protected Item Name:

Integrated circuit

Voltage In Volts:

24.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T214-a
