Body Material:

Metal

Overall Length:

51.0 millimeters

Overall Height:

25.0 millimeters

Overall Width:

25.0 millimeters

Mounting Method:

Bushing

Usage Design:

Outdoor

Mounting Configuration:

Two 5/8-24nef-2a thd bushings, one on ea end

Arrester Type:

Air gap

Breakdown Voltage:

200.000 volts

Precious Material And Location:

Center contact surface gold and outer contact surface silver

Precious Material:

Gold and silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T214-c
