**Body Material:**

Ceramic and metal

**Terminal Quantity:**

3

**Terminal Type:**

Wire lead

**Mounting Method:**

Wire lead

**Usage Design:**

Indoor and outdoor

**Mounting Configuration:**

Wire lead on each end and one in the middle

**Arrester Type:**

Gas

**Breakdown Voltage:**

Between 70.000 volts and 110.000 volts

**Special Features:**

Manufacturers item name: bms 90v tripolar gas tube

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T214-c
