Electrical Surge Arrester - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5920-01-475-9784

Body Material:
Ceramic
Overall Length:
0.144 inches
Overall Width:
0.084 inches
Usage Design:
Indoor
Arrester Type:
Any acceptable
Special Features:
Silver/platinum electrode termination finish; operating temperature -55 to 125 degrees c; inherent bidirectional clamping
Precious Material:
Silver or platinum
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T214-c
