Body Style:

Plug-in autofuse

Overall Length:

0.430 inches

Overall Height:

0.630 inches

Continuous Current Rating In Amps:

10.000

Maximum Voltage Rating In Volts:

32.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

End Application:

Manlift

Special Features:

Mini-fuse fast acting type. resistance cold ohms: 0.0073. Color red

Supplementary Features:

.43 x .34. Terminal .29, plug width .11

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
