**Body Style:**

Plug-in autofuse

**Overall Length:**

0.430 inches

**Overall Height:**

0.630 inches

**Continuous Current Rating In Amps:**

10.000

**Maximum Voltage Rating In Volts:**

32.0 dc

**Circuit Over-current Interruption Type:**

Normal instantaneous

**End Application:**

Manlift

**Special Features:**

Mini-fuse fast acting type. resistance cold ohms: 0.0073. Color red

**Supplementary Features:**

.43 x .34. Terminal .29, plug width .11

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01700
