End Application:

4r/5r cog items managed by braso

Criticality Code Justification:

Agav

Special Features:

Low to medium voltage radial leaded varistor, metal oxide varistor; mount method through hole; disc dia. 14; rated ac voltage 25; continuous dc voltage 31.0; voltage 39.00; clamping voltage 76; peak current 10.00; clamping polarity bi-directional

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
