Body Style:

Limiter w/hole

Overall Length:

42.0 millimeters

Terminal Length:

13.0 millimeters

Center To Center Distance Between Mounting Facilities Parallel To Length:

30.0 millimeters

Overall Height:

7.8 millimeters

Overall Width:

12.0 millimeters

Mounting Hole Diameter:

5.5 millimeters

Continuous Current Rating In Amps:

50.000

Terminal Width:

12.0 millimeters

Terminal Thickness:

0.4 millimeters

Maximum Voltage Rating In Volts:

32.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

Opaque body

End Application:

No break power supply 841-01b

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
