Body Style:

Tube type

Continuous Current Rating In Amps:

0.500

Maximum Voltage Rating In Volts:

500.0 ac

Circuit Over-current Interruption Type:

Time delay

End Application:

Welding machine, inve; wsd: los angeles class ssn (688)

Features Provided:

Nonrenewable fusible element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
