Body Style:

Tube type

Continuous Current Rating In Amps:

10.000

Maximum Voltage Rating In Volts:

250.0 ac

Circuit Over-current Interruption Type:

Time delay

Interruption Indicator Method:

Opaque body

End Application:

Electrical equipment group

Features Provided:

Nonrenewable fusible element

Special Features:

Miniture fuse

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
