Body Style:

Tube type

Overall Length:

1.500 inches

Body Diameter:

0.410 inches

Continuous Current Rating In Amps:

12.000

Maximum Voltage Rating In Volts:

600.0 ac

Circuit Over-current Interruption Type:

Time delay

Interruption Indicator Method:

Opaque body

Features Provided:

Nonrenewable fusible element

Short-circuit/interrupt Current Rating In Amps:

200000.0

Special Features:

End item: interface enclosure system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
