Terminal Quantity:

2

Terminal Type:

Wire lead

Current Type:

Ac

Covering Material:

Any acceptable

End Application:

E/i power unit, 2kva, 3kva, ups & 6kva, ac

Polarization Feature:

Not included

Current Rating In Amps:

100.0

Inclosure Feature:

Any acceptable

Protective Covering Type:

Any acceptable

Hermetic Protection:

Not provided

Shunt Capacitor:

Not included

Element Material:

Any acceptable

Voltage In Volts:

1000.0

Special Features:

Element size: 20mm; ac 480v, line-line & line-ground application

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T214-a
