Body Style:

Tube type

Overall Length:

Between 19.95 millimeters and 20.05 millimeters

Overall Diameter:

Between 5.0 millimeters and 5.3 millimeters

Short-circuit/interrupt Current Rating In Amps:

1500.0

Special Features:

Eamp rating 2; voltage rating 250; 0.043 resistance cold ohms; minus 55 to plus 125 celsius operating temperature; ceramic body; nickle plated brass cap; tin plated copper leads; sand, 500ma to 12a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
