Body Style:

Self indicating type

Continuous Current Rating In Amps:

0.125

Maximum Voltage Rating In Volts:

500.0 ac

End Application:

Seawolf class ssn; vrla battery cable ssn21c & ssn688

Product Name:

Fuse wire

Special Features:

Used on the e-1923-x cable assembly, included as "loose parts".

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
