Body Style:

Flatted type

Continuous Current Rating In Amps:

250.000

Maximum Voltage Rating In Volts:

32.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

Visible element

End Application:

Boat, unmanned, 40 ft 40uc0701

Short-circuit/interrupt Current Rating In Amps:

6000.0

Product Name:

Anl fuse, ignition protected

Special Features:

Silver-plated connector blades for corrosion resistance; safe for installation aboard gasoline powered boats (35-500 amp only)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
