Mounting Method:

Holes

Special Features:

Rj21 telco protector; 270v clamp voltage; 200vdc voltage; mcoV 230vdc; max. Load current 0.15 a; max. Line resistance 10 ohms; three stage series hybrid; protects 25 pair telephone lines; connects between communication lines with rj21 connectors on flat surface; 50 mhz max. Frequency

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
