**Body Style:**

Tube type

**Overall Diameter:**

6.3 millimeters

**Continuous Current Rating In Amps:**

10.000

**End Application:**

Fuse cartridge

**Product Name:**

Mcf01g series quick blow (f) glass fuses

**Special Features:**

Standard for cost-effective reliability and performance in circuit protection, the mcf01g fuse satisfies a broad range of application requirements

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01700
