Body Style:

Tube type

Overall Diameter:

6.3 millimeters

Continuous Current Rating In Amps:

10.000

End Application:

Fuse cartridge

Product Name:

Mcf01g series quick blow (f) glass fuses

Special Features:

Standard for cost-effective reliability and performance in circuit protection, the mcf01g fuse satisfies a broad range of application requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
