Cartridge Fuse - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5920-01-574-6980

Body Style:
Tube type
Overall Diameter:
6.3 millimeters
Continuous Current Rating In Amps:
10.000
End Application:
Fuse cartridge
Product Name:
Mcf01g series quick blow (f) glass fuses
Special Features:
Standard for cost-effective reliability and performance in circuit protection, the mcf01g fuse satisfies a broad range of application
requirements
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A01700
