Body Material:

Steel, stainless

Overall Length:

2.062 inches

Mounting Method:

Holes and cutout bracket

End Application:

Navy code 509990873y

Usage Design:

Indoor and outdoor

Arrester Type:

Air gap

Product Name:

Flameproof flame arrester fitting 1/2 inch (atex)

Special Features:

One end has 1/2-14 npt male thread, opposite end has 7/8 inch hex for tightening; both ends furnished with 1/4-18 npt female thread

Supplementary Features:

Approx control restrictions are 1 psi drop at 18 cfh airflow or 5 psi drop at 53 cfh airflow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
