Body Style:

Plug-in autofuse

Overall Length:

0.730 inches

Overall Width:

0.750 inches

Case Material:

Plastic

Continuous Current Rating In Amps:

5.000

Maximum Voltage Rating In Volts:

32.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

Integral neon lamp glows

End Application:

Air conditioner, artic wolf k minitug lrg

Short-circuit/interrupt Current Rating In Amps:

1000.0

Product Name:

Fuse, automotive, series 257

Special Features:

Zinc element, blade body style (non-rejection), tan color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
