**Body Style:**

Plug-in autofuse

**Overall Length:**

0.730 inches

**Overall Width:**

0.750 inches

**Case Material:**

Plastic

**Continuous Current Rating In Amps:**

5.000

**Maximum Voltage Rating In Volts:**

32.0 dc

**Circuit Over-current Interruption Type:**

Normal instantaneous

**Interruption Indicator Method:**

Integral neon lamp glows

**End Application:**

Air conditioner, artic wolf k minitug lrg

**Short-circuit/interrupt Current Rating In Amps:**

1000.0

**Product Name:**

Fuse, automotive, series 257

**Special Features:**

Zinc element, blade body style (non-rejection), tan color

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01700
