Body Material:

Brass

Overall Length:

57.2 millimeters

Mounting Method:

Bushing

Usage Design:

Outdoor

Mounting Configuration:

Tnc jack to tnc jack.

Arrester Type:

Gas

Product Name:

Lightning / emp protector

Special Features:

The protected and the unprotected connections are both tnc coaxial jacks and the impedance is 50 ohms.

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
