Body Style:

Plug-in autofuse

Overall Length:

19.05 millimeters

Overall Height:

18.54 millimeters

Overall Width:

5.08 millimeters

Continuous Current Rating In Amps:

7.500

Maximum Voltage Rating In Volts:

32.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

No visual indication

End Application:

Inls machinery pack up kit

Short-circuit/interrupt Current Rating In Amps:

1000.0

Product Name:

Blade fuse

Special Features:

Sn plated terminals, operating temp range: -40 to +105 degrees c, housing color: brown

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
