Body Style:

Tangent leads

Overall Length:

7.54 millimeters

Body Diameter:

3.1 major inches

Special Features:

Current rating: 7amps, voltage rating: 60volts, termination style: axial, fuse type: fast action, body material: cermic, interrupt rating: 50amps

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
