**Body Style:**

Tangent leads

**Overall Length:**

7.54 millimeters

**Body Diameter:**

3.1 major inches

**Special Features:**

Current rating: 7amps, voltage rating: 60volts, termination style: axial, fuse type: fast action, body material: cermic, interrupt rating: 50amps

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01700
