Body Style:

Tube type

Terminal Material:

Brass

Terminal Surface Treatment:

Copper alloy

Overall Length:

21.10 millimeters

Terminal Length:

38.10 millimeters

Overall Diameter:

5.20 millimeters

Case Material:

Glass

Err Default:

0.65 millimeters

Maximum Voltage Rating In Volts:

250.0 dc

Product Name:

5 x 20mm fuses; gdb series, fast-acting, glass tube

Special Features:

Fast-acting, low breaking capacity

Special Test Features:

Interrupting rating (amps) at rated voltage (50hz) = 35 amps

Supplementary Features:

Glass tube, nickel-plated brass endcap construction

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
