Terminal Quantity:

8

Terminal Type:

Plug-in

Overall Depth:

42.00 millimeters

Overall Length:

122.00 millimeters

Overall Height:

372.00 millimeters

Usage Design:

Indoor

Usage Design:

 protection and convenience for computers, notebooks and other electronics

Breakdown Voltage:

230.0 volts

Unpackaged Unit Weight:

1.26 pounds

Product Name:

Surgearrest performance

Special Features:

Includes 1.8 meter telephone cable, 60cm coaxial cable, 6ft network cable & user manual

Special Test Features:

Receptacle style = australia / new zealand, input connections = australian / chinese

Supplementary Features:

Color = charcoal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
