Body Style:

Rectangular plug-in

Overall Length:

19.05 millimeters

Overall Height:

12.19 millimeters

Overall Width:

5.08 millimeters

Continuous Current Rating In Amps:

1000.0

Maximum Voltage Rating In Volts:

32.0 dc

Product Name:

Ato blade fuse rated 32v

Special Features:

Operating temperature range = minus 40 degrees celsius to positive 105 degrees celsius

Special Test Features:

UI 248 special purpose fuses

Supplementary Features:

Current rating nennstrom = 10a

Specification Data:

SI765-iso 8820-3 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01700
