Body Material:

Aluminum

Overall Length:

2.70 inches

End Application:

Arresting lightning

Special Features:

Continuous power 10w, bulkheat mount, with reverse pin connectors, weatherproof when installed, return loss 20db typical, vswr 1.2 to 1 typical 1.3 to 1 max, freq ranges 2.0ghz to 6.0 ghz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
