Terminal Quantity:

5

End Application:

5895-01-562-5632

Product Name:

Arrester, lightning-module shielded surge protector

Special Features:

1000base-t; maximum data transmission speed 1000mbps; response time less than 5ns; clamp voltage 7.5vdc; peak pulse current (10/1000us) 100a; shunt capacitance less than 8pf; protection mode line-ground, line-line connector: rj45 female/female;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T214-c
