**Pole Quantity:**

3

**Mounting Facility Type And Quantity:**

6 unthreaded hole

**Maximum Continuous Load Current Rating Per Pole:**

250.0 amperes ac all locations and 250.0 amperes dc all locations

**Operating Voltage Type And Rating Per Pole In Volts:**

500.0 ac all locations and 250.0 dc all locations

**Circuit Protection Type:**

Overcurrent all locations

**Trip Release Method:**

Thermal all locations

**Trip Release Characteristic:**

Instantaneous all locations

**Trip Release Ambient Temperature Rating:**

50.0 degrees celsius all locations

**Frequency In Hertz:**

400.0 all locations

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A030a0
