**Body Style:**

Rectangular dimensional envelope

**Overall Length:**

4.500 inches

**Overall Height:**

3.750 inches

**Overall Width:**

5.375 inches

**Pole Quantity:**

3

**Mounting Facility Type And Quantity:**

6 terminal

**Maximum Continuous Load Current Rating Per Pole:**

50.0 amperes ac all locations

**Operating Voltage Type And Rating Per Pole In Volts:**

500.0 ac all locations

**Circuit Protection Type:**

Overcurrent all locations

**Trip Release Method:**

Magnetic all locations

**Frequency In Hertz:**

60.0 all locations

**Terminal Type And Quantity:**

6 compression

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A030a0
