|-------------------------------------------------------------------------|
| Body Style:                                                             |
| Single pole type                                                        |
| Bushing Length:                                                         |
| 0.290 inches                                                            |
| Body Length:                                                            |
| 1.781 inches                                                            |
| Body Width:                                                             |
| 0.656 inches                                                            |
| Case Material:                                                          |
| Plastic                                                                 |
| Center To Center Distance Between Terminals Parallel To Length:         |
| 1.240 inches                                                            |
| Mounting Surface To Terminal End Distance:                              |
| 1.669 inches                                                            |
| Pole Quantity:                                                          |
| 1                                                                       |
| Mounting Facility Type And Quantity:                                    |
| 1 threaded bushing                                                      |
| Thready Qty Per Inch (tpi):                                             |
| 32                                                                      |
| Maximum Continuous Load Current Rating Per Pole:                        |
| 2.0 amperes ac single location                                          |
| Operating Voltage Type And Rating Per Pole In Volts:                    |
| 120.0 ac single location                                                |
| Maximum Interrupting Capacity Current Type And Rating Per Pole In Amps: |
| 800.0 ac single location                                                |
| Circuit Protection Type:                                                |
| Overcurrent single location                                             |
| Trip Release Method:                                                    |
| Magnetic single location                                                |
| Trip Release Characteristic:                                            |
| Time delay single location                                              |
| Ultimate Trip Rating Of Continuous Current Rating Per Pole In Percent:  |
| 135.0 single location                                                   |
| Reset Method:                                                           |
| Manual                                                                  |
| Main Contact Tripping Mechanism Type:                                   |
| Trip free                                                               |
| Manual Actuator Type And Quantity:                                      |
| 1 push-pull                                                             |
| Actuator Function:                                                      |
| Trip-reset                                                              |
